DETAILED ACTION

Reasons for Allowance

1. Claims 1-5 are allowed.

2. Examiner's Statement of Reasons for Allowance:

Applicant(s) invention relates to a wind-driven power generation station, and more specifically, to a wind-driven power station positioned on a rail track.

The system has a wind-driven carriage moving on a track by a wind. The track is formed into a loop with a tunnel at one end of the loop. The mechanical motion of the carriage is transformed into electrical energy by the generator(s) attached to the carriage.

There are inventions in the field that provide similar functionality and/or have similar features, as prior art of record shows. Applicant(s) invention differs from the prior art of record by the tunnel on the track and wind directing devices, which in combination with other features are performing as disclosed and claimed, and which examiner's search failed to find.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2834
